

TRANE XV95 VARIABLE-SPEED, TWO-STAGE FURNACE

Your Profit-ability

Sell-ability

- ≡ Industry leader and brand reputation
- ≡ Variable-speed blower motor with Comfort-R™
- ≡ Greater reliability and quieter operation
- ≡ Up to 96.7% AFUE, Energy Star qualified, and may qualify your customer for an energy tax credit.

Install-ability

- ≡ Air cleaner and humidifier compatible
- ≡ Upflow/horizontal left
- ≡ Downflow/horizontal right
- ≡ Left/right gas and electric hookups

Service-ability

- ≡ Quarter-turn blower door latches on upflow models
- ≡ Self-diagnostic controls
- ≡ Compatible with higher SEER outdoor units

Performance-ability

- ≡ Up to 96.7% AFUE, among the highest in the industry
- ≡ Insulated blower door and cabinet save energy and reduce sound
- ≡ Automotive-grade gaskets reduce sound and air infiltration
- ≡ Two-stage gas valve

Rely-ability

- ≡ Individually factory tested before shipping
- ≡ Silicon nitride igniter
- ≡ Integrated furnace control
- ≡ Aluminized steel primary heat exchanger
- ≡ Multi-port in-shot burners

It's Hard To Stop A Trane.®

TRANE LIMITED WARRANTY

Lifetime heat exchanger
5-year functional parts

MAXIMIZE EFFICIENCY, COMFORT AND PROFITS

Consumers seeking **maximum comfort** and **energy efficiency** will enjoy the many benefits of the TRANE XV95 gas furnace. A **variable-speed indoor blower motor with Comfort-R™** distributes air more evenly for quiet comfort throughout the home. Designed with

advanced features, like **two stages of heating** for an **AFUE of up to 96.7%**, the quiet, extra-efficient XV95 furnace provides your customers with the **ultimate comfort experience**, while boosting your profitability.

Quiet operation

Engineered to provide quiet operation and consistent comfort all year round.

Reliable performance

Design innovation and rigorous testing ensure that our name goes on only the most reliable products.

Better indoor air

Add a TRANE CleanEffects™ air filtration system to remove up to 99.98% of airborne allergens from filtered air for a cleaner, more comfortable home.

Comfort control

Give your customers better comfort control with a Trane digital or programmable thermostat.

Efficient operation

Designed with innovative technological touches throughout to provide the ultimate in energy efficient operation.

TRANE XV95 VARIABLE-SPEED, TWO-STAGE FURNACE

Features and components may vary by model and are shown for illustration purposes only.

- 1 Variable-speed blower motor with Comfort-R™**
Operates at lower, more efficient speeds than conventional blower motors. With Trane's exclusive Comfort-R feature, there is greater humidity control during cooling. Allows compatibility with higher SEER two-stage outdoor units.
- 2 Adaptive silicon nitride hot surface igniter**
Highly reliable ignition system provides longer service life.
- 3 Heavy steel insulated cabinet**
Comes in easy-to-install sizes in three industry standard widths; 40" tall. Insulated panels hold more heat in the furnace, ensure greater durability and reduce operating sound.
- 4 Self-diagnostic controls**
Complete diagnostics for easy servicing. Also includes a system fault analysis for quick gas flow shutoff, coupled with automatic ignition retry after sensing a fault mode.
- 5 Easy-access doors (upflow models only)**
Quarter-turn dual door latches provide quick and easy access for servicing.
- 6 Multi-port in-shot burners**
Perfectly shape the flame cone for the maximum heat possible while using less fuel. No service adjustment necessary.
- 7 Automotive-grade gaskets and insulated blower compartment**
Help reduce operating sound and air infiltration.
- 8 Primary heat exchanger**
Crimped, not welded, to prevent cracks from heat stress. Stamped serpentine channel offers the greatest efficiency in less space. Backed by a lifetime limited warranty.
- 9 Direct vent**
100% fresh air option reduces heat exchanger corrosion and ensures adequate combustion air.
- 10 Secondary heat exchanger**
Made of AL29-4C™ stainless steel to capture more of the heat your customers pay for. Backed by a lifetime limited warranty.
- 11 Two-stage gas valve**
Provides for greater efficiency and better comfort control.

XV95 Variable-Speed, 2-Stage Upflow/Horizontal

Model Number	AFUE	Height (in.)	Width (in.)	Depth (in.)	Cooling CFM (Nom. tons)
